WORK EXPERIENCE

MIS Intern — EZYTEK **May 2026 – Present**

- Built ERP financial reporting apps with VB.NET, MS SQL Server and SAP Crystal Reports on Sage 300 data; finance users run reports themselves by choosing parameters.
- Delivered General Ledger, AP Vendor Ledger and AR Customer Ledger reports for finance teams.
- Wrote SQL views, queries and stored procedures that turn raw ERP tables into report-ready financial data.
- Developed Crystal Reports with parameters, formulas, grouping and financial calculations.
- Contributing to a live production project — the Vendor & Customer Ledger Report — built on Sage 300, MS SQL Server, Crystal Reports, and VB.NET.
- Clean and model raw data into analysis-ready datasets and build Excel and Power BI dashboards.
